Declare, under our responsibility, that:

The Astron LED UV lamp and the Astron II LED lamp are fully shatterproof compliant

The Astron LED UV lamp and the Astron II LED lamp are executed with a protective UV transparent splinter-free high durable plastic sleeving jacket.

These Astron LED lamps will not fragment in case of a lamp drop up to 3 metres

No glass material is used in these Astron LED UV lamps.

The lamp sleeving jacket of both LED lamps is fully UV-A transparent and has a life time, which exceeds the life time of the UV-A LED's. (3 years)

Place : Waalre, The Netherlands

Date : 21 March 2023

Authorized Person:

Mr. R van Lierop, director Alcochem Hygiene

Signature (electronic)

A blue electronic signature consisting of a stylized, cursive 'R' followed by a long horizontal stroke and a loop at the end.
