

Use of EU food compliant directive

We, Alcochem Hygiene
Zeilmaker 4
Nijkerk, The Netherlands
www.alcochem.nl

Declare, under our responsibility, that the following products:

i-trap and OMNIVEO, insect control range

Fully comply with the Hygiene Requirements for the Design of Machinery

- Health / Safety directives.

Our range meets the directive on choice of materials used: hygiene and foodstuffs contained in the official journal of the European Communities No L 175/7 dated 14 June 1993 and the EN1672-2 Food processing machinery, Part 2 and the guidelines as outlined in The European Hygienic Engineering and Design Group (EHEDG)

- HACCP

The i-trap models, executed with a glue board and executed with a shatterproof UV-A (LED) lamp(s) are in full compliance with the HACCP directive
